Introducing a reliable FOB to Door Import Service.

Shipping Terms: Standard FOB to Customs Cleared & Delivered UK Consignee Door.

Features:

- Online Booking.
- Full Track & Trace.
- Inclusive “all-in” rates with no hidden extras.
- “Spot Rates” for larger shipments always available on request.
- Weekly sailings from all major origin ports.
- 30 day credit account available (subject to credit status).
- Dedicated account manager.
- Fully inclusive rates including Freight, Docs, UK Terminals, UK Customs Clearance and Delivery to your Door from only £159

Notes:

- Seafreight volume conversion 1cbm/1000kg.
- Airfreight volume conversion 1cbm/167kg.
- Rates based on standard loads with individual dimensions not exceeding 2m(SEA) / 1.6m(Air) or a single piece weight of over 2000kg. Larger sizes by quotation.
- All pallets must be stackable or a “load metre” rate may apply.
- Rates do not apply to hazardous, perishable or commodities that require special handling. These items can be carried on selected routes by arrangement and separate quotation.
- Shipments that require special handling due to import license or carnet will be subject to surcharges.

Rate includes:

- Freight from Origin Port to UK.
- UK Terminals.
- Standard Documentation.
- UK Customs Clearance including the first 3 commodity lines.
- Delivery from UK Port to Consignee Door on standard equipment during normal business hours.
- All rates shown in this brochure are fully inclusive FOB to delivered your UK Door on standard equipment and are correct at the time of publication.
- Due to fluctuating currency exchange rates and Line imposed GRI we recommend importers check if a rate has decreased or increased at the time of booking.
- Online “future date” bookings can be made but “actual sailing date” will be used for rate purposes.

Rate excludes:

- Storage charges maybe incurred if :
 - *A shipment is delayed whilst under Customs or Port Health Inspection.*
 - *A shipment arrives or is cleared prior or during a holiday period.*
 - *A shipment is delayed at Port due to adverse weather.*
- Seafreight Storage after the first 5 free days will be charged at £45 per CBM or part thereof per day (Min £90 if incurred). Air storage after first free day £15 per 100kg or part thereof per additional day.
- UK delivery is included in these rates on standard equipment during normal business hours. Tail-lift and timed delivery is not included but is available on request at additional costs.
- Customs X-ray, Port Health or HMRC charges if incurred will be charged at cost plus 15% Agency to cover our administration costs.
- All goods are carried in accordance with our Standard Terms & Conditions (BIFA latest version), which limits our liability in the event of loss or damage. Goods in transit insurance is available by quotation and the premium is based on type of goods and value of cover required.
- Amazon FBA. See separate FBA brochure.

Full Import Container Service

Full Container Import Service

Yes2ship are the experts with over 30 years of experience in importing full containers into the UK. Rates continually fluctuate and are seasonal, dictated by both supply and demand. So for your next quote and possible savings call 0208 754 9000 or email quote@yes2ship.com.

UK Customs Clearance

Yes2ship offers Customs Clearance at all major Ports in the UK for £29 per Container including the first 3 HS Codes. Customs Clearance is included in all of our published tariffs for shipments booked and controlled via Yes2ship and is offered as a stand alone service for adhoc arrivals.

Container Delivery

Standard

Yes2ship can deliver your container 24/7 to any address in the UK. We can handle 20ft, 40/45ft and 40ftHQ containers as well as Flat-Racks, Open-Tops and Reefer Units.

Container On Ground

With a fleet of 30 “self loading” trucks we can deliver or collect your cargo ‘On Ground” nationwide. Our side-lift truck fitted cranes can handle upto 36T and are often the only practical way to deliver large bulky or heavy items without a client loading dock.

Port Unload & Deliver

Many projects handled by Yes2ship require thinking outside of the box. Often a specialist solution such as unpacking the container at port on arrival and then onward delivery by smaller or “moffet fork-truck” is needed due to consignee site restrictions. Yes2ship can work with you on your next “multi-drop” or unpack project to ensure both improvements in costs and service levels.

Project Delivery

You tell us the problem, we will give you the answer. Yes2ship has wide experience of everything from lo-loader to “high lift crane in” projects and can partially or fully coordinate a project from start to successful completion.
